

Operational Workforce Management SaaS Software

Designed for Public Safety. Configured for You.

Managing the public safety workforce has its unique challenges -- from complying with complex administrative and operational policies to ensuring the deployment of qualified personnel to multiple locations with the right equipment. Generic workforce products or disparate one-off systems often result in increased efforts or labor intense work arounds. You need a better solution. You need Workforce Management PLUS.

PLUS is a SaaS software solution that public safety agencies nationwide rely upon 24/7/365. By automating workforce processes based on your policies, complex compliance rules and costly manual processes are a thing of the past. This solution is ideal for individual agencies or as one platform that multiple agencies can leverage while maintaining their own policy and security requirements.

From personnel management to time and attendance payroll exports, advanced scheduling, training, and equipment management, you will improve complex operational and administrative processes using this centralized solution. Offered as power packed 'toolbelts', simply choose the best fit for your needs.

Highly Configurable

- » Automates workforce processes based on complex agency rules
- » Adaptable role-based security permissions
- » Compliance oversight based your policies

Easy to Use

- » Intuitive, color coded screens for enhanced user experience
- » Highly visual compliance conflict altering
- » At-a-glance summary views with drill-downs for details

Data Security

- » Microsoft Azure Government Cloud infrastructure
- » FedRAMP architecture with highest levels of data security, system uptime, and built-in redundancy
- » BreachLock certified

WORKFORCE TOOLBELTS

Select the best fit for your needs!

Since you may or may not need all of the Workforce Management PLUS capabilities, we've bundled key feature-sets and offer them as 'Toolbelts'. Pick your toolbelt based on your needs and add other products if and when you need them – like the Mobile App, Interface Agent or Interactive Analytics.

 **Personnel / Basic Scheduling Toolbelt** ... is a centralized solution for administrative management of your personnel, their schedules, leaves, overtime and assignments that includes time and attendance data reporting or transmissions to interfaced payroll systems.

 **Advanced Scheduling Toolbelt** ... includes all of the Personnel/Basic Scheduling Toolbelt features-sets and kicks it up a notch with added scheduling capabilities that are unique to the public safety workforce.

 **Operations Toolbelt** ... the ultimate toolbelt that includes all of the Personnel and Advanced Scheduling toolbelt feature-sets, plus academy training management capabilities and operational asset management.
